

dependency_distance_mean

A heatmap visualization showing the mean dependency distance between four categories: human, continue, explain, and create. The diagonal elements, representing self-dependencies, are all 1.000. The off-diagonal elements represent dependencies between different categories: human to continue (0.000), human to explain (0.099), human to create (0.000), continue to explain (0.000), continue to create (0.027), and explain to create (0.000). The color scale ranges from dark blue (1.000) to light blue (0.000).

	human	continue	explain	create
human	1.000	0.000	0.099	0.000
continue	0.000	1.000	0.000	0.027
explain	0.099	0.000	1.000	0.000
create	0.000	0.027	0.000	1.000
