

dependency_distance_mean

A heatmap visualization showing the mean dependency distance between four categories: human, continue, explain, and create. The diagonal elements, representing self-dependencies, are all 1.000. The off-diagonal elements represent dependencies between different categories: human to continue (0.000), human to explain (0.033), human to create (0.000), continue to explain (0.000), continue to create (0.067), and explain to create (0.000). The color scale ranges from dark blue (1.000) to light blue (0.000).

human	1.000	0.000	0.033	0.000
continue	0.000	1.000	0.000	0.067
explain	0.033	0.000	1.000	0.000
create	0.000	0.067	0.000	1.000
