

dependency_distance_std

A heatmap visualization showing the dependency distance standard deviation between four categories: human, continue, explain, and create. The diagonal elements are all 1.000, indicating a distance of 1 from themselves. The off-diagonal elements show varying distances: human to continue is 0.000, human to explain is 0.000, human to create is 0.000, continue to explain is 0.291, continue to create is 0.075, and explain to create is 0.005. The colors range from dark blue (1.000) to light blue (0.000).

human	1.000	0.000	0.000	0.000
continue	0.000	1.000	0.291	0.075
explain	0.000	0.291	1.000	0.005
create	0.000	0.075	0.005	1.000
